On December 21, 2015, the Delaware Division of Chesapeake Utilities Corporation ("Chesapeake" or the "Company") filed with the Delaware Public Service Commission (the "Commission") an application for an increase in natural gas rates, to implement proposed new service offerings, to defer certain expenses for later recovery, to implement a revenue normalization mechanism for residential and smaller commercial customers, and to effect miscellaneous tariff changes.

In its application, Chesapeake seeks an increase in annual operating revenues of \$4,741,823, or an increase of 9.96% over current revenues.

On January 19, 2016, in Order No. 8848, the Commission, pursuant to 26 Del. C. §306(a)(1), suspended the effect of the proposed new rates, tariff revisions and other requested relief pending further investigation, public comment sessions, and public evidentiary hearings, which will be held later after further public notice. However, in Order No. 8848 the Commission authorized Chesapeake to place a portion of its proposed increases into effect subject to refund, pursuant to 26 Del. C. §306(c), sixty (60) days after the initial December 21, 2015 filing date, or on February 19, 2016. The Commission also granted Chesapeake's request to waive the requirement of a bond with surety with respect to the implementation of the interim rates.

The Commission will make its decision on this matter on the basis of the record evidence taken at the public evidentiary hearings. The Commission may approve or reject, in whole or in part, the proposed increase and tariff revisions and may approve a different method for allocating any increase (if it finds one to be appropriate).
